Covid 19 – Return to Dance

Introduction

Bedford Academy of Dance, under guidance from the Royal Academy of Dance and the Covid-19 Government Guidelines, can now start to return to dance lessons following strict guidelines as set out in this document.

All parents and guardians of children planning to attend dance lessons at the St Andrew’s Parish Church location must follow the guidelines and Risk Assessment set out in this document.

Not following this guidance will result in your child being refused entry to the location and lesson. You will also still be charged for the lesson.

With your understanding, support and by following this guidance, we will ensure that your children get the best opportunity to carry on dancing and enjoy their lessons in a safe and secure manner.

We have a zero tolerance policy of any verbal or physical abuse to our Teaching Staff whilst trying to carry out their duties for lessons.

Location

St Andrew’s Parish Church has set out its own specific requirements for use of their facilities and this guidance document has been written to ensure we follow their specific requirements.

If we do not follow their guidelines, it may result in access to the Church Hall being denied and all dance lessons being cancelled until further notice.

Dancing Procedures

Dance Wear

1. Your child must be dressed in their dance outfit ready to dance. If they are not dressed, they will not be allowed to enter.
2. All dancers must wear some form of footwear during their lesson. This could be ballet shoes, dancing socks, tote socks or something similar. Your child can wear normal trainers or shoes and carry their dance footwear in a bag and change them inside the hall. For younger children, Teaching Staff / Assistants will help them to change their footwear at the start and end of each lesson.
3. Teaching Staff / Assistants will be wearing masks at all times, apart from when carrying out physical dance movements.
4. If any props are required for lessons, dancers must bring their own with their name detailed on the prop.
5. At the end of the class, children will collect any belongings and wait to be escorted by the Dance Teacher to the rear exit for collection.
6. All children **under** the age of **eleven** years old, do not need to wear a mask.
7. Children **over** the age of **eleven** will be required to wear a mask, except when dancing (see below).

Dancing / Lessons

1. Your child will be required to wear a mask, if they are over the age of eleven, when arriving at the lesson.
2. During the lesson, masks will be removed, as dancers will be socially distanced using ground markers to ensure reasonable social distancing is maintained.
3. If your child requires to use the toilet in the lesson, Teaching Staff / Assistants will take them to and from the toilet, one at a time.
4. Please ensure that you highlight any concerns around personal toiletry / hygiene / sanitary issues that your child may have or require prior to the lesson start.
5. All props that are required for lessons must be brought labelled with your child's name on it where reasonably practicable. We cannot provide props, due to the risk of cross contamination.
6. Your child can bring water in to the lesson in their own labelled, water bottle. See Welfare Facilities for more details.
7. No food or snacks will be consumed on site by children during lessons. See Welfare Facilities for more details.
8. If any parent / guardian does not comply with the requirements of the lesson or access / egress procedures, your child will be refused access to the lesson. You will still be liable for a terms fees and no refunds will be made.
